Healing Starts Here

THE FIRST STEP

Abuse.

The word alone is hard to hear. And when a child has been abused, it is even harder to know where to turn for help, guidance, and understanding.

The first step is the Children's Advocacy Center (CAC) of Suffolk County. The CAC has the experience to help children and families navigate a complex system while *staying focused on what matters most:*

Child safety and well-being.

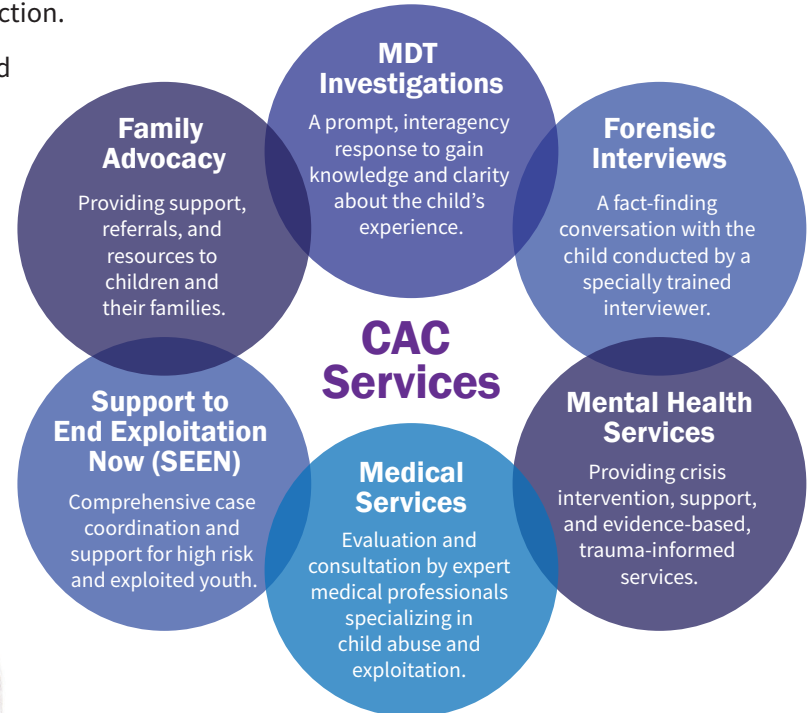

A HOLISTIC APPROACH

Helping abused children and their families requires an approach that addresses the physical, emotional, and legal dimensions of abuse. It requires a coordinated response from expert professionals to reduce stress throughout the investigation and intervention process.

The Children's Advocacy Center works in partnership with all the necessary agencies, including police, prosecutors, social workers, advocates, medical and mental health professionals, and other specialists to coordinate a plan of action.

We provide high-quality, specialized services for abused children and their families in the comfort and convenience of our child-friendly location.

Our services include:

"Thanks for helping me and my mom step by step."

- 16-year-old girl

"Everyone was very thorough and patient. I appreciate how my son was treated with respect and kindness."

- father
